Michigan Works! Southeast Livingston County Service Center
1240 Packard
Howell, MI 48843

Dear Sir or Madam,

Thank you for all of your support for Wedge-Mill these past years. Wedge-Mill Tool has benefitted greatly from the Incumbent Worker Training grants in the past, most notably a grant we received this past year. We were able to train 4 entry level employees on blueprint reading which gave them useful skills and helped Wedge-Mill employ more knowledgeable employees. We also sent one employee for Mastercam CAD/CAD training and 2 employees to ISO9001:2015 implementation training. All the training has benefitted us and we are a better and more efficient company due to the training. Diane Carson and Bill Sleight from Michigan Works! in Howell are great to work with and made the process very easy. I look forward to working with them again in the future.

Sincerely,

Beth Johnston
