

Partnering with Jobs for Michigan's Graduates (JMG) helps us connect with today's youth who are earning their G.E.D or working towards high school completion.

Through this collaboration, our goal is to do our part in increasing the success rate of Michigan's youth who obtain their high school diploma/G.E.D., while identifying a career path they will excel in.

Through this program we are able to truly connect with local youth and share experiences they may otherwise not have the opportunity to enjoy.

Monday July 17, 2017 was our first time joining JMG Youth from all 5 locations. While attending a Lansing Lugnuts baseball game, they had the unique opportunity to tour the stadium. During this time our JMG Specialists held open dialogue about 5 different competencies.

- 1 Demonstrating the ability to work cooperatively with others
- 2 Determining employer expectations of employees
- 3 Demonstrating effective money management skills
- 4 Work ethic and behaviors
- 5 Demonstrating positive attitude

Being with different people from different backgrounds with different titles at different levels in there life is awesome to me... if I had a life like that more often I'd be halfway to my dream.  
- Arkeya Ford

My trip to the Lugnuts game was adventurous! The tour of the baseball stadium was the best part. Learning about the business, the management and all the different types of positions of employment that comes along with running a full service baseball stadium!!!!  
The staff has kept me motivated to stay focus and I appreciate all their hard work!  
-Andrea Cavasos
