Keeping you connected

Vol. 2 Issue 8

01 celebrating success.

We first met Ciera when we learned she was interested in furthering her education to become a Certified Nursing Assistant (CNA) from a Home Health Aide, which was her occupation of 8 years at that time.

Through her dedication and desire to continually learn, Ciera partnered with her Career Advisor, Lachelle who connected her with resources for training while mentoring her by offering best practices around study habits. Ciera shared "My Career Advisor was very supportive" and helped her through the enrollment process at Washtenaw Community College.

We are thrilled to share that Ciera successfully passed her exam and received her license last fall and has been employed as a CNA!

03 What's Trending: Women in the Workforce

Women are a vital part of Michigan's workforce, but still face many barriers to success. Opportunities for women exist across all industries but there are many occupations where women comprise the vast majority of employees. In this month's issue we highlight the highest paying occupations where the workforce is predominately female.

TOP 5 INDUSTRIES

1. **Health Care and Social Assistance (80.3%)**
2. **Finance and Insurance (63.9%)**
3. **Educational Services (63.3%)**
4. **Other Services | Except Public Administration | (62.8%)**
5. **Public Administration/ Government (51.9%)**
