

MiCareerQuestTM SOUTH

Start Planning Now!

Here are a few tips to help you prepare for the region's largest career exploration event of the year!

MiCareerQuest South is coming this spring and we couldn't be more excited! Collectively, other regions throughout the state have reported **80%+ success rate introducing students to career options they didn't know existed.**

Your students will learn about the most in-demand jobs in advanced manufacturing, construction, health sciences & agricultural science. Exhibitors are developing hands-on, interactive activities to highlight the skills your students need to pursue a broad range of career opportunities. Starting February 3, 2020 you can register the number of students you plan to send to MiCareerQuest South. Please calculate this number carefully, for there is limited space available in each of three sessions:

- 8:30 to 10:20 a.m.
- 10:20 a.m. to 12:10 p.m.
- 12:10 to 2:00 p.m.

**Southern Michigan Center
for Science & Industry**
550 E. Main Street
Hudson, MI 49247

We recognize arranging bus transportation can be a challenge, so please take steps now to assure your students will be able to get to the event on time. Schools traveling the farthest will be given preference for the mid-morning session.
